

# **DISCIPLINE AND BEHAVIOUR FOR LEARNING POLICY**

## PART A: Aims and Expectations

### **Key Requirements/Legal Duties**

This policy responds to the Independent Schools Standards Regulations 2014, which includes the requirement that all schools must have a behaviour policy which must be available to all parents and prospective parents.

The school also acknowledges its legal duties under the Equality Act 2010 in respect of safeguarding and in respect of students with SEN and disabilities.

### **Statement of behaviour principles**

At Northwood College for Girls we aim to provide a broad, challenging and inclusive education for life, in a secure and happy environment where all members of the community feel valued and respected and where effective teaching and learning is able to take place. To achieve the above, good behaviour in all aspects of school life is necessary.

### **Introduction**

Northwood College for Girls endeavours to provide a safe learning environment in which students can feel and be safe, enjoy all aspects of school life and achieve. The school recognises the inter-relationship between providing high quality teaching and learning opportunities and a stimulating learning environment, and promoting positive learning behaviour and good order. The school's behaviour management strategy emphasises positive strategies and a range of interventions in order that the school environment is one of cooperation, respect and shared responsibility. Behaviour is never somebody else's responsibility; it is all of ours.

### **Policy Aims**

This policy aims to:

- Promote good behaviour, self-discipline and respect (for self, others, and the environment)
- Set out the school's expectations in relation to behaviour and regulate the conduct of students
- Outline the rewards for appropriate behaviour and sanctions applied for misbehaviour
- Prevent bullying (in conjunction with the Anti-Bullying Policy)
- Set out the framework of pastoral support in which the policy operates, principles for communication with parents, and the legal background to specific procedures

## **Roles and Responsibilities**

The Head has the overall responsibility to determine the school's behaviour policy, set the standard of behaviour expected of students, determine the school rules and any disciplinary sanctions for breaking the rules.

The Head, together with the Senior Leadership Team, will help to create a culture of respect by reinforcing and making explicit the desired standards of behaviour and by supporting their staff's authority to discipline disruptive behaviour, and the students who exhibit such behaviour, ensuring that this happens consistently across the school.

The members of staff with day to day responsibility for behaviour management are Jill Ferguson, Deputy Head (pastoral) in the Senior School and Cecile Halliday, Head of Junior school and Helen Crouch, Deputy Head (pastoral) of Junior School. However, behaviour management is the responsibility of all of the staff in the school.

All staff, and teachers in particular, have a responsibility to:

- Provide a safe, welcoming environment
- Place the emphasis on teaching and learning
- Ensure students follow the school expectations during lessons, in corridors and communal indoor and outdoor spaces and in free time
- Recognise, praise and reward appropriate behaviour
- Ensure early intervention in cases where behaviour falls below the expected standard
- Take responsibility for any misbehaviour initially – seeking support/advice when required
- Ensure sanctions are applied consistently, are in proportion to the nature of the incident and any relevant background context, and to take into account where appropriate the circumstances/ needs of the student
- Work in partnership with parents and guardians

## **Whole School Expectations**

- Treat others with respect, consideration and good manners in person, and online
- Listen to each other
- Act with kindness and integrity
- Help to prevent all forms of bullying
- Behave helpfully and responsibly
- Respect the right of others to hold their beliefs and opinions, treating everyone as an individual
- Behave with health and safety of others in mind
- Treat other people's property with care and respect
- Treat the school environment (grounds, buildings and materials) with care and respect
- Keep to and enforce the school dress code
- Allow others to learn and teachers to teach
- De-escalate incidents and seek to reconcile
- Adhere to other relevant codes, such as the Acceptable Use Agreements, Anti Bullying Policy and Drugs Policy

Our success is tested not by the absence of challenges but in the way we address them.

## **Behaviour in lessons**

All students are expected to display behaviour which shows a respect for their own learning and the learning of others. This includes arriving for lessons on time, equipped for learning. In class they are required to demonstrate positive learning attitudes and to allow others to learn free from disruption. In line with the school's belief in positive reinforcement, students who display positive learning behaviour should receive praise and recognition.

Adverse behaviour, and students displaying adverse behaviour, will be corrected in line with the school's range of disciplinary sanctions. Additional to the types of behaviour which place a student at risk of exclusion, poor learning behaviour includes a lack of effort, a lack of work, failing to complete homework, off task behaviour which interrupts the learning of others and a lack of co-operation.

### **Uniform, behaviour around the building and out of lessons**

Students are expected to behave in a manner which demonstrates respect for themselves and others. This applies to use of language, to the way in which they act and behave and to the manner in which they respond to each other, all of which should demonstrate courtesy and consideration. This includes fellow students, staff, parents, governors and visitors.

Positive behaviour includes setting high standards by wearing correct uniform and moving around the school in a manner which is orderly and respects the health and safety of others. Expectations regarding uniform and orderly conduct are reinforced in form time and by targeted work by the school. The school reserves the right to correct inappropriate or incorrect items of uniform by making contact with parents to make arrangements for the student to obtain the correct uniform.

### **Behaviour outside the School**

Students who breach the school's Discipline and Behaviour for Learning Policy whilst on school business such as trips and journeys, sports fixtures, clubs, or a work-experience placement will be dealt with in the same manner as if the incident had taken place at the school.

For incidents that take place outside the school and not on school business, this policy will still have effect if there is a clear link between that behaviour and maintaining good behaviour and discipline among the student body as a whole. This includes bullying behaviour within the school community (e.g. student to student (child-on-child abuse) / student to staff outside school), behaviour in the immediate vicinity of the school or on a journey to or from the school. Other relevant factors include whether the student is wearing school uniform or is in some other way identifiable as a student at the school and whether the behaviour could adversely affect the reputation of the school.

These principles are consistent with the Northwood College for Girls Code of Conduct which states:

### **JUNIOR SCHOOL CODE OF CONDUCT INCLUDING EYFS**

## **SIXTH FORM CODE OF CONDUCT**

Sixth Form study is challenging but it should also be rewarding and enjoyable. Experience shows that successful students display certain characteristics and adopt particular working habits and you will be expected to demonstrate these characteristics and habits.

You should therefore:

- attend all lessons unless a compelling reason prevents this
- be punctual to registration and lessons
- take all necessary materials to all lessons
- contribute purposefully and positively to classroom discussion and group activities
- meet all academic and pastoral deadlines
- ensure that you do not disrupt the learning of other students or the teaching of your teachers

At this level of study you must take more responsibility for your own learning. Remember that you are expected to spend six hours per subject per week working outside the classroom.

Our aim is to work with you and your parents to achieve the best possible outcomes and we will therefore communicate with your parents as appropriate.

### **Behaviour**

We believe that every student has the right to learn in a quiet and disciplined atmosphere and that the teacher has a right to expect co-operation. Inappropriately talking, interrupting or otherwise disrupting the learning process will not be tolerated. Such behaviour will be dealt with firmly. Rudeness in any circumstances is unacceptable and will be punished.

### **Absence**

Attendance at all lessons is vital for success at this level. If you are unwell and your illness is so severe that you cannot attend lessons, please remember that it is your responsibility to find out what work you have missed (see below). In the case of prolonged absence, your parents should contact your form tutor so that arrangements can be made to assist you.

When you know you are going to be absent, you should inform your tutor and teachers as soon as possible and a formal letter requesting leave of absence should be given to your form tutor. This includes university visits. If you are going to be absent when work or other material is due, you should hand this in before your absence.

Whenever you are absent, you must ensure that you catch up on missed work as soon as possible. It is also your responsibility to find out (from fellow students) what assignments have been set and deadlines for these assignments. Absence when work was set will not be accepted as an excuse for late submission of work.

### **Deadlines**

Deadlines are set by teachers after careful consideration and must be met by students.

If you find that you are struggling with deadlines, you should speak to the relevant subject teachers and your form tutor. It is essential that you do this sooner rather than later so that a programme can be drawn up to help you.

### **Lateness**

We regard lateness to lessons seriously. When you are late, you start at a disadvantage and miss valuable focusing time. You cannot then do your best. It is also discourteous and disrupts

the flow of the lesson. Lateness will be recorded by teachers and if it occurs regularly, will result in a loss of privileges.

### **Sanctions**

If you fail to follow these guidelines or your progress is causing concern, your teachers will inform your tutor. Your tutor will speak to you and you may be subject to any or all of the following sanctions:

- detentions, as per the School Behaviour Policy
- loss of privileges (for example, you may be barred from leaving school premises at certain times, and/or you may have your private study time 'directed' so that you work in the Library or under the supervision of a teacher)
- if you repeatedly hand in work late, your teacher has the right to refuse to mark the work
- if you repeatedly fail to comply with our guidelines, staff have the right to send you to see a senior member of staff

Your parents will be informed when these sanctions are imposed.

Continued failure to abide by these guidelines will be reported to the Head of Sixth Form or the Head. In these circumstances, it would be normal practice for your parents to be contacted and asked to come into the school to discuss the situation. In some cases, this may lead to the setting of particular objectives for students.

In addition to the above, you are expected to comply with the Sixth Form dress code as detailed below:

### **Dress Code**

#### **Principles**

We want Sixth Form girls to:

- Look smart and feel ready to work and participate fully in the day
- Feel proud of themselves and the school
- Be role models to younger girls
- Give a good impression of the school to visitors and the local community
- Feel comfortable enough to participate fully in lessons
- Be able to express their individual personalities through their dress, within reason

#### **Policy**

- Sixth Form girls do not need to wear uniform; they may wear their own clothes. Smart casual clothes are therefore permitted. However, the above principles need to inform what is and what is not appropriate. The following rules must therefore be adhered to :
  - No very large logos, political or commercial slogans, or offensive words should be visible on clothes
  - Outdoor clothes such as hats and gloves should not be worn during lessons
  - Outdoor coats should not be worn in lessons or in assembly
  - No bare midriffs and no 'spaghetti' straps on tops.
  - Undergarments should not be visible
  - All clothes should be clean and in good repair – not ripped or frayed
  - Shoes or ankle boots should be flat or low heeled.
  - No flip flops or thong type sandals- all footwear should have an upper
  - Jewellery should be simple

- No tattoos should be visible
- School bags should be functional and large enough to carry folders and books
- This Dress Code applies also to exam periods and school trips and visits; often a school trip may require more formal business attire.

#### **PE kit**

- plain white shirt
- plain blue shorts, skirt or tracksuit.
- In House and team competitions, regulation PE kit must be worn.
- For swimming, any one piece costume is acceptable.

If you are in any doubt about whether an item of dress is acceptable, please talk to your Form Tutor, the Director of Sixth Form or Assistant Director of Sixth Form. Please note that if you do not follow the Dress Code, this will be reported to the Head of Sixth Form. Your parents are likely to be contacted, and repeated infringements may lead to the Head being informed and subsequent loss of privileges.

### **Senior School LEARNING CODE**

At Northwood College for Girls, we believe that effective teaching and learning can only take place in a well ordered environment. We have defined acceptable and unacceptable behaviour in the Behaviour Policy and in the school rules which support it. This Learning Code focuses on what you will be expected to do in order to reach your potential as a learner.

As you progress through the school, you will be expected to take increasing responsibility for decisions about your own learning both in terms of which subjects you study and also how you study. Learning is an active process. Hence, throughout the school you will be expected to contribute purposefully and positively to all the lessons and all the activities in which you take part and show a commitment to your learning and the courses and activities you undertake. Experience has shown that successful students display certain characteristics. You will be given every opportunity and encouragement to develop these.

Successful students also adopt particular work habits and you will be expected to demonstrate these. You should therefore:

- **Take all reasonable steps to minimise absence** and to adhere to the attendance policy.
- **Arrive on time** to lessons, activities and appointments, moving swiftly and efficiently through the school.
- Ensure that you arrive **fully equipped** for all lessons and activities.
- **Persist** when faced with a challenge or difficulty.
- **Focus on what you are achieving** and how you can improve and less on unhelpful comparisons with others.
- **Reflect upon the advice** your teachers give you in your work and act upon it.
- **Approach your learning positively** and always work to the best of your ability.
- **Take maximum advantage of the learning opportunities and resources**, for example, assemblies, the library, clubs and extracurricular activities, school visits, guest speakers, made available to you.
- **Work cooperatively** with others.
- Be aware of the uniform regulations and to wear the correct **uniform** on all occasions.

- **Show respect** for others at all times with regard to their welfare, belongings, feelings and ideas.
- **Listen** when another person is speaking, be it student or teacher, without interruption.
- **Take responsibility** for your own learning and be prepared to work independently.
- **Admit your mistakes** and see them as things from which you can learn.
- **Use time productively.**
- **Follow staff instructions** without argument or delay.
- **Meet all academic and pastoral deadlines.**
- **Make up any work missed through absence** as soon as possible and ask your teacher if you do not understand any aspect of the work missed.
- **Behave responsibly and safely** at all times.
- **Show respect and care for equipment**, buildings and other people's property.
- **Specialist areas** – certain departments have further guidelines to which you must adhere. You will receive further information on these from your teachers.

**I understand the Learning Code and will do my best to follow it.**

**Name** ..... **Form/Year** .....

**Signed:** ..... **Date**.....

Note: this agreement will be sent to all Senior Students by googleform and kept on record by the school.

## **MOBILE PHONE POLICY FOR ALL SENIOR SCHOOL STUDENTS**

Mobile phones are allowed in school but they remain the responsibility of the individual student. They must be stored in lockers/ stored by the school and never left unattended in bags, cloakrooms or changing rooms. The school cannot be held accountable for loss, or damage to, such equipment. Mobile phones must be switched off between 8.15am and 4.00pm.

Mobile Phones (Y7-11) will be collected at morning roll call and stored securely by the school and returned at the end of the day at PM roll call. Students may not keep their mobile phone. Latecomers should hand their phone in to their Head of Year or to Mrs Lopez, attendance officer.

If the above rules are contravened and switched on during school hours, the member of staff will confiscate them until the end of the school day and give them to reception staff and a detention will be given. Persistent offenders will be referred to their Head of Year and parents may be requested to collect the phone on their daughter's behalf.

On school trips, girls are allowed to take mobile phones for emergency use only. They must ask permission from a member of staff before using them.

Examination board regulations state that mobile phones or smart watches are not allowed in any examination area. Even if they are switched off, a candidate's marks will still be cancelled. We operate this policy for all our internal and external examinations.

Identical rules apply for music players and all other electronic entertainment and communications equipment.

The Sixth Form may access their mobile phone during the school day, but only when they are in the Sixth Form Centre, on silent-mode in study rooms or in lessons, with the permission of a member of staff. Sixth form should also refer to the IT Acceptable Use Agreement for guidance.

Students are reminded that they must take great care when using any of these items of equipment inside or outside school and should appreciate that their awareness of their surroundings may be impaired. In particular, girls must be especially vigilant when crossing roads or driveways.

Students awarded the Head's Commendation will be invited to Head's Commendation Tea by email with an email to their parents. This is recorded on SIMS.

The student receiving the highest number of commendations achieved per term in each House will receive an award from the Head.

**House Points:** At the end of term in the final assembly House Captains will read out the names of girls who have been awarded 10 or more commendations.

By these means the school seeks to motivate students, create a positive learning environment, raise student self-esteem, and provide systems which can be used by all staff to contribute to raised levels of achievement.

At the end of each term, form tutors count students' merits and commendations. These are then logged and sent to KFM to process. The list is passed onto Heads of Year and House Captains.

## **PART C: INTERVENTIONS AND SANCTIONS AND RELATED STAFF RESPONSIBILITIES AND SYSTEMS**

### **Unacceptable Behaviour Introduction**

Unacceptable behaviour prevents safe working in school. It includes:

- Physical violence
- Bullying (see anti-bullying policy)
- Threatening behaviour
- Racist behaviour
- Sexist behaviour/ sexual harassment
- Adverse behaviour directed at an individual or group with protected characteristics (Equality Act 2010/ NWC Diversity and Inclusion statement- see website or form board)
- Verbal abuse and swearing
- Theft
- Truancy
- Damage to property and the environment (built and natural)
- Spitting
- Rudeness to others
- Malicious behaviour online

All of these behaviours are regarded very seriously and will not be tolerated at Northwood College for Girls.

### **Reducing Inappropriate Behaviour**

***We will never use sanctions which humiliate students.*** We feel that children should learn from experience to expect fair and consistently applied sanctions for inappropriate behaviour and that the sanctions make the distinction between serious and minor offences apparent. We recognise that some flexibility must be allowed to take account of individual circumstances. Staff will:

- Deal sensitively with any student who is in distress, listen to them and deal with any incident appropriately
- De-escalate the issue, calmly and proportionately and aim to reconcile, where possible
- Explain and demonstrate the behaviour we wish to see, providing the children with good role models
- Expect students to be responsible for their own behaviour
- Ensure that any criticism necessary will be constructive by naming the problem and the expected change in behaviour
- Keep parents/carers informed about their child's behaviour
- Follow school procedures when supervising playtime (Junior school); encourage fruitful use of students' independent time in the Senior school (as described in the student code of conduct).

The school will work in partnership with parents to deal with situations appropriately and we expect parents' support in dealing with situations fairly and in confidence to maintain integrity throughout the process. This process can be multi-step and relies on the integrity of all parties involved to allow us to work through it with due diligence and consideration.

### **Families Keeping the School Informed**

The school recognises that family life can be complex and there will be situations which can impact on children's thoughts, feelings and behaviour. With this in mind, parents have a duty of care to inform the school when there are factors which may affect your child.

We expect parents to:

- Keep us informed of behaviour difficulties they may be experiencing at home.
- Inform us of any trauma which may affect their child's performance or behaviour at school.
- Inform us about their child's ill health and any absences connected with it.

### **Step Process of Discipline and Behaviour In the Junior School, including EYFS**

We aim to develop responsible behaviour through using a system of consequences as follows:

#### Step 1

**Reminders** of appropriate behaviour will be given.

**A verbal warning** will be given for the breaking of a class or school rule or for preventing a teacher or teaching assistant from teaching.

#### Step 2

If the child chooses to continue the inappropriate behaviour the child will be spoken to and referred to the Head of Key Stage. Parents may be told at this stage if necessary.

### Step 3

If the inappropriate behaviour is persistent or more serious the child will be sent to Junior Deputy Head (Pastoral)

Other sanctions may be necessary. These may include:

- Work being finished or redone at home
- A written apology
- Removing a playtime
- Lunchtime detention
- Separating the child from the class (if this is necessary they will automatically have their playtime removed)
- Paying for damage

**Any behaviour deemed a Step One and above is added to CPOMS.** Parents may be invited into school to discuss the child's behaviour. For Step 3 behaviour: **A Behaviour Diary or Home/School Behaviour Link Book may** be kept for an agreed period of time. The child's parents/carers will be invited to work with the teacher and child to devise an individual behaviour programme to help the child learn appropriate social behaviour at school.

This will involve putting the child on a daily report where the teacher and parents keep a diary of the child's behaviour. The diary will be reviewed at regular intervals by the teacher and parents/carers. If necessary, a referral to the LEA Behaviour Support Team will be made through Special Educational Needs procedures.

### Step 4

**Persistent** poor behaviour, which has not improved despite the adoption of several support strategies, may result in a fixed term exclusion. Cases of extreme violence will always result in an exclusion. At Step 4, girls speak with Junior Head and parents are kept up to date with how incidents have been dealt with and the behaviour plan going forwards.

### Step 5

**This is extremely serious.** Step 5 will result in a fixed term exclusion which will be initially for one day, with additional days added for each subsequent exclusion. will result in a permanent exclusion. It is used for repeated cases of violence or other behaviour that causes extreme disruption to school life. The Head Teacher or appointed deputy reserves the right to exclude students if necessary.

### Parents

**Parents have a vital role in promoting good behaviour in school and so effective home/school liaison is vital.**

The school has a right to expect that parents will give their full support in dealing with their child's behaviour and staff undertake to inform parents of concerns about poor behaviour at an early stage.

We expect parents to:

- Keep us informed of behaviour difficulties they may be experiencing at home
- Inform us of any trauma which may affect their child's performance or behaviour at school
- Inform us about their child's ill health and any absences connected with it

### The Anti-Racist Code

Racist incidents will be logged and parents informed in line with LEA guidelines.  
 Racist incidents are reported to the Governing Body. The impact of this policy is measured regularly.

## Interventions and disciplinary sanctions in the Senior School

Depending on student age, the nature of the offence, whether it has occurred for the first time or is repeated, and the severity of the behaviour, the school will use a range of strategies to address student behaviour. The process involves exploring the issue in a variety of ways, discussion with students and staff. An acknowledgement from students when they have not met the school's behavioural expectations and/or they are in breach of the code of conduct or IT Acceptable Use agreement followed by the acceptance of the appropriate consequences, including appropriate sanctions for their behaviour.

The range of sanctions will include:

- Discussion with the student around how to meet the school's behavioural expectations
- Meet with the tutor, subject teacher to discuss the behaviour or incident of concern
- Conduct Marks: Log of the code of conduct infringement in their student planner by the teacher/ tutor
- Meeting with the Head of Year to discuss the issue and to prompt reflection and a change in behaviour and/ or attitude going forward
- Coaching meeting with the Deputy Head Pastoral
- Short length detention (15 minutes) – Tuesday lunch times
- Longer length detention (30 minutes) - Tuesday lunch times
- Longer length detention – Friday after school
- Making good missed work
- Redoing work to the required standard
- Loss of break times
- Removal from the lesson to work under supervision elsewhere
- Removal of privileges (Sixth Form)
- Being placed on support/ report
- Isolation
- Setting improvement targets
- Behavioural contract / Home-school agreement
- Internal exclusion
- In line with the GDST Exclusions Policy, fixed term and permanent exclusion

This list is not intended to be exhaustive but serves as illustration of sanctions used. Serious disciplinary incidents and the sanctions imposed are recorded in the office of the Deputy Heads' PA.

For acts of aggression or behaviour which potentially threatens the health and safety of others, the school reserves the right to involve the police.

Equally, if the school considers that the behaviour might be linked to a young person suffering, or being likely to suffer, significant harm safeguarding procedures will be applied as appropriate.

## **Detentions**

The school will inform parents of detentions by letter or email.

## **Corporal Punishment**

Corporal punishment is against the law and is never used or threatened.

## **Pastoral Support Framework: Monitoring, support and intervention**

Through the pastoral and guidance systems the school has staff (tutors and Heads of Year) whose role is to support student welfare and well-being. This includes helping to make explicit the school's expectations, reinforcing positive learning attitudes, applying disciplinary sanctions and monitoring behaviour which gives rise to concern.

The school accepts that for a wide variety of reasons (such as having a special education need or disability) some students require additional support in order to learn and display positive learning behaviour. For these students the school will draw on a range of interventions in order to support and re-track behaviour. Strategies include consideration of curriculum need, additional learning support, additional internal provision, placement on a behaviour or pastoral support programme, and use of external expertise.

## **The use of reasonable force**

The School acknowledges its duties and responsibilities under the 2006 Education and Inspections Act in which all school staff members have a power to use reasonable force to prevent students committing a criminal offence, injuring themselves or others, or damaging property and to maintain good order and discipline amongst students.

In any case where a member of staff has recourse to use reasonable force, the incident will be recorded on the student file and parents will be informed as soon as reasonably practicable thereafter, save where there may be a safeguarding reason not to do so.

## **Screening, searching and confiscation**

The School acknowledges its duties and responsibilities under the applicable education legislation and guidance in respect of screening and searching students, and confiscating items.

School staff may search students' clothing, bags or lockers without consent for any prohibited item, and for any item which we believe could cause injury to any person or damage to property. This process will be governed by internal procedures and will only be undertaken by designated staff. As above, the school may give due regard to police involvement or initiating safeguarding processes as appropriate.

As a general rule, school staff can seize any prohibited item found as a result of a search, and any item however found which they consider harmful or detrimental to school discipline. Items may be confiscated, retained, handed to the police or disposed of as a disciplinary penalty, when it is reasonable to do so.

## **Malicious accusations against school staff**

The School recognises that there may be occasions when a student justifiably needs to raise

issues about the actions of a member of staff, and has procedures for dealing with such concerns.

However, where the allegation is clearly one of malicious intent or fabrication, the school will give due regard to the most appropriate disciplinary sanction to be taken which may include temporary or permanent exclusion, as well as referral to the police if there are grounds for believing a criminal offence may have been committed.

The School will also take seriously inappropriate use of technologies including mobile and social networking sites which are targeted at members of staff.

### **Staff Support and Development**

Staff are supported in their implementation of the Discipline and Behaviour for Learning Policy through the guidance and leadership of the Deputy Head (Pastoral Development and Wellbeing) and other pastoral staff, regular Head of Year meetings and periodic staff training.

### **Partnership with Parents**

The School believes strongly in the power of working in close co-operation with parents and of the rights and desirability of parents being actively involved in the education of their child. The school will therefore seek to involve parents/guardians actively on behaviour for learning issues. Approaches will include:

- Emails
- Phone calls
- Meetings (zoom)
- Meetings (in-person)
- Early involvement
- Letters
- Supporting students on support/ report
- Home school agreement
- Student homework diaries/ academic planners which allow for two way communication
- Invitations to agency meetings
- Follow up & routine communication

Parents/guardians are welcome to approach the school for informal or formal discussions about their daughter's education.

### **Related Policies**

This policy operates in conjunction with:

- GDST and School Safeguarding and Child Protection Policy
- Anti Bullying Policy
- GDST Inclusion Policy
- GDST Exclusions Policy (this is available on request from Northwood College for girls)
- GDST Acceptable Use Agreements
- GDST Equal Opportunities Policy
- GDST and School Drugs Policy

### **Monitoring, Evaluation and Review**

The Deputy Head will monitor the implementation and effectiveness of this policy, review it annually through the use of data on exclusions and other consequences such as detentions, and report to the Head.

## STAFF GUIDELINES TO SUPPORT THE BEHAVIOUR POLICY LOWER AND UPPER SCHOOL – YEARS 7 – 11

The table given below is for guidance only and is not to be regarded as a set of rules. The table below refers to examples of unacceptable behaviour and is not an exhaustive list. Staff will exercise their professional judgement and use their discretion when deciding upon a course of action. All behaviour code infringements should be logged on SIMS, giving a comment where required. Where a student does not meet our academic expectations, please see **Academic Expectations in the Senior school guidelines**. Teachers will take into account special considerations, such as contributory factors for students and SEND. When dealing with incidents and issues the school will engender an empathy-drive approach.

\* **Conduct Mark** will be written in the Student Planner by the member of staff witnessing the behaviour- in the diary section signed and dated. Tutors/co-tutors will check weekly the Student Planners for repeats and will record on CPOMS and apply the appropriate sanction. If the misdemeanour occurred during a lesson or subject-related activity/ pastoral activity, the student will be expected to catch up on work missed.

A period of In School Service may also be used as a sanction in many of the above examples.

It is also possible in extreme cases of rudeness or provocative behaviour to ask a student to leave the classroom and report to the Deputy Head or Head, but this should be a very rare occurrence with the Head or Deputy warned in advance.

Detentions will carry the penalty of the loss of House Points.

**Detention Procedure:**

- Staff member logs detention on CPOMS giving details of breach of behaviour code.
- Head of Year/ DOS/DHP approves the detention with PA to SLT.
- PA to SLT notifies parents and the student by email.
- Lunchtime detention 15 or 30 minutes Tuesday.
- After school detention 30 minutes Friday.
- Detention supervised by duty staff.
- Work set by relevant staff, staff can access suitable reflective tasks on the Year group googleclassrooms.
- A detention log report detailing the type, intervention and type can be accessed on CPOMS and register of attendance. Duty staff should confirm attendance with the PA to SLT

### **Academic Expectations and Sanctions**

In line with the school's educational philosophy of growth mindset, we set high expectations and guide students through a series of learning steps to facilitate their intellectual development. Subject teachers instil in students a strong work ethic, in the classroom and by encouraging students to undertake independent study.

Academic support and sanctions will be set by subject teachers and academic departments to encourage students to maintain high standards. The steps below outline examples of

remedial measures that will be put in place in response to situations that may arise. This list is not exhaustive.

As students progress through the key stages from Lower school to Upper school to Sixth form, an increasing emphasis will be placed on the student taking responsibility for her learning by taking the initiative to seek help, by exploring different study techniques, by being time efficient and using independent study time effectively.

Where a student has been identified with a specific learning difficulty that may impact upon her ability to complete work which has been set, teachers will take steps to differentiate tasks, whether in terms of the content or the length of work set and will, if necessary, seek advice from the SENDCo. We would ask that parents, and the girls themselves, maintain a dialogue with the school through the Head of Year so that teachers are made aware if students are spending a disproportionate length of time on individual assignments.
